1 Description and Scope

This document constitutes an annex and an integral part of the Contract for Certification According to GOTS, Textile Exchange, NPF and SFA Standards and of the Contract For the Approval of GOTS Accessories and Dyes and Textile Auxiliary Agents (Chemical Inputs) on GOTS Positive List (hereinafter, for brevity, we refer to both documents, without distinction, with the term "ICEA Contract") and defines the fees requested by ICEA for the provision of its services.

This list of fees applies to Organizations that request the Control and Certification/Approval services referred to in the ICEA Contract, based in India and which carry out at least one of the activities listed in the following table with reference to products falling within the scope of the GOTS, Textile Exchange, NPF or SFA standards:

Activities		Services provided by ICEA									Approval in accordance with GOTS
		Certification									
		GOTS	CCS	OCS	GRS	RCS	RAF	RDS	NPF	SFA

4	Production and/or distribution of dyes and textile auxiliary agents (chemical inputs)										X
5	Production and/or distribution of textile accessories										X

2 Fees for Control and Certification/Approval Activities

The fee payable to ICEA, requested to the Organizations for the services referred to in the ICEA Contract, is defined on the basis of this List of Fees and its subsequent amendments and is determined in the Estimated Fee which is drawn up/updated:

- at the time of submission of the Certification/Approval Application; and subsequently
- every 3 years, before renewing the certification; as well as
- in all cases in which changes occur to the processes, products and/or to the Organization subject to Certification, likely to have an impact on the costs of the services offered by ICEA.

The Estimated Fee shows the ordinary annual fees that the Organization will have to pay to ICEA over the next 3 years, except for any subsequent changes to the processes, products and/or to the organization subject to Certification (e.g. extension or reduction of the scope of certification/approval) or early termination of the ICEA Contract. To the ordinary fees, non-foreseeable fees and those deriving from additional services that may be requested by the Organization or carried out by ICEA during the execution of the ICEA Contract must be added (e.g. cost of laboratory tests, auditor travel expenses, etc...)

The costs that may affect the determination of the estimated fee can be fixed or variable (depending, for example, on the time necessary to carry out the control activities) and are shown in the following tables.

2.1 Table 1: Costs applicable to all Organizations (Activities 1, 2, 3, 4,5)

Cost item	Description	Payment frequency	Costs (excl. VAT)
A Documentary evaluation	Initial or periodic review of the information and documentation obtained by the Organization in order to evaluate its completeness, coherence and conformity.	a) at the time of submission of the Certification/Approval application and, subsequently, in case of renewal, every 3 years; b) in the event of substantial changes to the Organization. 4 Payment methods and timings

The fees referred to in article 2 must be paid by the Organization by bank transfer, after receiving the invoice from ICEA. Bank details and payment terms are shown on the invoice or any other communications sent by ICEA.

Alternatively, the Organization can choose to pay by bank receipt, communicating the necessary references to ICEA (IBAN code, bank, branch).

5 Validity

The Organization's acceptance of this List of Fees and the Estimated Fee, calculated on the basis of the data provided by the Organization, occurs through the signing of the ICEA Contract.

This List of Fees will remain valid until any changes that will be communicated by ICEA to the Organization and will have effect on the latter in the manner provided for by the ICEA Contract.

The Organization acknowledges and accepts that any change in the fees due to ICEA compared to the estimated fee attached to the ICEA Contract will be calculated by ICEA based on the version of the List of Fee in force at the time of change of fee itself.
