PARTICULAR CASES AND DISCOUNTS

In the cases where certification is requested by operators characterized by particular logistic situations (e.g. numerous and highly decentralized production units), highly critical production units and processes or industrial productions having particular frequency, volume or number of products, activities not covered by this List of Fees,

ICEA reserves the possibility to apply special rates covering the costs of a specific inspection plan that will be defined on the basis of the following significant data:

- a) number of inspections that will be required in addition to the ordinary inspection plan,
- b) Logistic and organizational details related to travel, sample collection and testing,
- c) number of samples and tests that will be required in addition to the ordinary inspection plan,
- d) number of products and production processes involved.

The companies acting on behalf of a third party won't need to pay the annual variable rate and it will be possible to define special conditions, based on the number of references and productive processes.

PRICES SHOWN IN THIS LIST OF FEES WILL REMAIN VALID UNTIL NEW CHANGES BY ICEA, IN ACCORDANCE WITH THE REGULATION FOR THE CERTIFICATION
