2 Fees for inspection and Certification/Approval activities

The exact amount due to ICEA, required to the Organizations for the services referred to in the ICEA Contract, is defined on the basis of this Price List and specified in the Quotation which is drawn up at the time of submission of the Certification/Approval application or, subsequently, in the event that changes occur that have an impact on the costs of the services offered by ICEA.

The Quotation shows the ordinary annual costs that the Organization will have to pay to ICEA over the following 3 years, barring any changes that have occurred subsequently (e.g. extension or reduction of the scope of certification/approval) or withdrawal from the contract of one of the set off. Costs that cannot be estimated in advance and those deriving from additional services that may be requested by the Organization or performed by ICEA (eg cost of laboratory tests, auditor's travel expenses, etc...) must be added to the ordinary costs.

The costs that can affect the determination of the estimate can be fixed or variable (depending on the time needed to carry out the control activities) and are shown in the following tables.
